VIVIANE

The image shows the exterior of a building at night. A large, rectangular, illuminated sign is mounted on the upper part of the facade, displaying the word "VIVIANE" in a blue, serif font. The building has a light-colored, possibly white, facade. Below the sign, there are two large windows. The window on the left shows a display of books and a wooden table. The window on the right shows a room with a wooden table and chairs. The building is surrounded by dark foliage and trees. The sky is dark blue.

DK (Donghwan Kam) has been collecting names of water since 2019. He first started collecting water names because of his experience of not knowing which bottled water to buy when visiting different supermarkets. The flavors of different names of water were subtly different, and at the same time not so much different.

VIVIANE is a name of bottled water from Palestine. Palestine's water sources are spread from the Jordan River to the Mediterranean Sea.

DK (Donghwan Kam) 从 2019 年开始收集水的名字。他最初开始收集水的名字，是因为他有过这样的经历：去不同的超市购物时，不知道该买哪种瓶装水。不同名字的水的味道有细微差别，同时也没有太大的区别。

VIVIANE 是来自巴勒斯坦的瓶装水名称。巴勒斯坦的水源从约旦河一直延伸到地中海。
